

Why boulder  
mats Polskok

***Polskok***  
CHRZANÓW

... On quality we recon! Some facts to help you make a good decision:

We are on the market since **2004** !  
Our oldest boulder mat is since **2012** in Berlin  
Berta Block Boulderhall  
- working till today!

Only last year we sold and installed **8600sqm** of boulder mats.

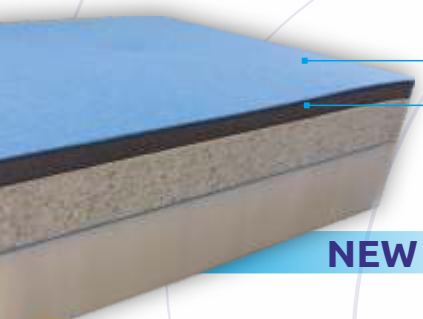

We are not afraid of large areas! Our last realization is over **1000sqm**.

Since 2012 we have installed over **100** mats with a total area of over **30 000sqm**.

✳ **Assembling? Don't worry about that. What we offer is:**

- \* Checking the area, floor, and making measurements before production so mat always have perfectly fits.
- \* Taking back all wastes after installation. The only think that is left is new clean vacuumed mat ready to use!
- \* No extra costs on Your side like fork lifters, platforms , wastes , workers etc.
- \* In case of service we work after closing hours if needed.
- \* The mat inspection once a year, within the warranty period.
- \* Insurance for product and civil liability.
- \* Extra free of charge products like information labels, protective mats etc.

Our mat developed several times. We had time to observe and improve products to make them The Best!

New carpet cover.

PE material over the entire surface increased to a thickness of **4cm**, increased flexibility and strength.

**NEW**

In order to continuously improve the quality of our products, we have developed a special machine to test the strength of our mats by dropping heavy weight from different heights

- \* Real independent tests for compliance with the norm in sport laboratories – not like competitors that made tests by they own. This makes difference in case of accidents on mat when insurance companies start asking.

- \* Our reliability also confirms fact that in Poland we are dealers of such brands like **Eurotramp**, **Spieth** (exclusive), **Janssen-Fritsen** (exclusive) – biggest sport gymnastic companies in Europe

We are proud that  
Customers are coming back  
to us with new projects !

### \* Kids Room - play zones for kids

- \* We design and equip zones for kids. We will dress up your idea with appropriate equipment for kids.
