Quick and easy assembly!

by means of the spray contact adhesive included in set

#trenujbezpiecznie

We will find a solution
for any wall

Walls and pillars protectors are an indispensable element at any sports facility where training in various disciplines takes place.

They provide trainers with adequate protection and comfort, without the fear of possible injuries caused by impacts with hard surfaces and edges. We offer several models of wall protectors that differ in the way they are installed, each covered with a durable PVC material that can be easily washed off.

Our specialists will help you choose the right type of cover for the characteristics of the walls in your club or school.

From Idea to reality!

1. Idea

2. 3D drawing

We design and equip training areas.
We'll put your idea in the right equipment.
We'll make sure your training becomes safer.
